

# What Size Receiver Hitch Does My Truck or SUV Have?

## How To Measure Your Receiver Hitch Tube Size?

The best way to measure your receiver hitch tube is to measure inside of the tube to inside of the tube. This will help you know what size receiver hitch size you need to get for your hitch. It may be 1-1/4" common on cars and SUVs. 2" receivers are found on most mid & full size SUV's along with 1/2 ton pickups (and older 3/4 ton). Newer 3/4" ton pickups have a 2-1/2" receiver hitch. Select 2017 and newer Ford F350 & F450 dually trucks may have a 3" receiver hitch. For measuring what size hitch you have, measure the inside NOT the outside.

- **2" Receiver Hitch:** Generally found on 1/2 Ton – 1500 Pickup Trucks and Full Size SUV & Vans. (also on older 3/4 & 1 Ton pre-2015) and Compact/Mid-Size Pickups and Select Mid-Size Minivans, SUV & CUV.
- **2.5" Receiver Hitch:** 2015 & Newer 3/4 Ton & 1 Ton Pickup Trucks
- **3" Receiver Hitch:** Rare – Select 2017 & Newer Ford Super Duty F350 & F450 1-Ton Dually.
- **1-1/4" Receiver Hitch:** Most cars and select compact & mid-size SUV/CUV.

Receiver Hitch Size Diagram. 1/2 Ton Pickup & SUVs normally have 2", 3/4 & 1 Ton Pickup 2-1/2". Only Select F350/F450 (Newer) have 3" receiver.

# How To Measure Receiver Hitch Size Video

Measuring Hitch Size

## What Size Receiver Hitch Do I Need?

Truck Type	Most Common Receiver Size	Typical Towing Range
Full Size SUVs (Suburban, Tahoe, Yukon, Expedition, Explorer, Durango)	<b>2 Inch Receiver</b>	Up to ~12,000 lbs
Half-Ton Trucks (F-150, Silverado 1500, Sierra 1500, Ram 1500, Tundra, Titan, Tacoma, Colorado, Canyon, Frontier, Ranger, S-10, Ridgeline)	<b>2 Inch Receiver</b>	Up to ~12,000 lbs
3/4 Ton Trucks (F-250, F-350, 2500, 3500 Silverado HD)	<b>2.5 Inch Receiver</b>	Up to ~20,000 lbs
Select 1 Ton Ford Super Duty Trucks (F-350 Dually, F-450 Dually) – Vary Rare	<b>3 Inch Receiver</b>	20,000+ lbs

\*\*Note a 3" receiver is only on a very limited # of 2017 to Current Ford Super Duty F350 & F450 dually pickups. If you are not 100% sure it is best to measure.
